

Highway Report

8/19/2025

We have completed our paving projects on Lazy River Road, Dutton Road and Hill Road. We still need to put shoulder back up on the Hill Road within the next couple of weeks. We paved a total of 4.3 miles.

We still have about \$158,000.00 remaining on our CHIPS allotment.

I submitted our CHIPS reimbursement to the State for Lazy River Road and Dutton Road. We should get a check for \$250,473.62 on or about September 16th.

I am hoping the County paving crew can get back to us to do Backus Road and Forbes Road. That is 1 more mile of paving, if not we will have to do it next year. That would still leave us about \$68,000.00 in CHIPS to roll over.

I would like to use that money to purchase a new pick up and plow as ours is 10 years old and is getting pretty worn out.

We have had a couple of major breakdowns. The 2020 Peterbilt Truck is at Champlain for clutch, rear main seal and a couple of minor leaks. It's been out of service for 2 weeks but should be back this week. The 2009 Pay Star has been out of service for 3 weeks. The emissions filter was bad, \$10,000.00 to replace. Parts should be here this week. We also changed 2 galvanized culverts on West Road and Pyrites Road as the bottoms were rotted out.

I would like to thank the men for another safe and productive month.

Thank you,
Richard Meilleur
