

## **Highway Report**

**4/21/2026**

We have had a busy month. We have been doing spring cleanup, sweeping roads and cleaning up sand from the winter. We have also cut shoulders on Danna Hill. We had some good weather the last couple of days, so we are patching potholes and started grading dirt roads.

The new backhoe is on a delay from John Deere. They didn't tell me how long, but we won't get it by mid-May like expected.

I have measured up for most of our paving projects; I am just waiting on the State Budget to pass so we know how much money we will be getting from CHIPS.

I have got a quote on the boiler and installation of a new heating system for the Town Barn; it is a substantial amount more than I thought it would be. I would like to get a resolution to put it out to bid with the specs from the HVAC Tech who came and looked at everything we have and figured what we need to do the job.

I would also like a resolution to put out to bid the paving project on Pestle Street from the intersection of CR 24 to the end of the courthouse parking lot. We need to do this to use CHIPS monies.
